

7/15/09

Dear Class O' 1984 Friends,

Thank you so much for your kind, comforting and inspiring words. I am so blessed to be continually supported by many great friends.

Sorry I missed the reunion. It sounds like it was fine time and I sure would have liked to see everyone. With some luck I hope to make the 30th.

Under the circumstances, my family and I are doing well. We remain strong optimistic and full of faith. The most difficult part is that we did not intend, nor do we believe, that we committed any crimes – unfortunately, the United States Government is a powerful foe.

My current humble goal is to be the most positive, productive inmate in the history of Gilmer FCI. My days pass rather easily tutoring, reading, writing and playing sports. If I learned anything from being part of Lakota '84, it is to make the most of whatever the Good Lord puts on your shoulders.

I wish you all peace and joy. God bless you,
-Your Friend
